

Training :

AutoCAD® & AutoCAD LT® essentials

Description

This hands-on course is designed for the new AutoCAD user who requires comprehensive training in AutoCAD to produce **2D production drawings**. It incorporates the most commonly used features, commands & techniques for creating, editing, and printing drawings with AutoCAD. This course also has a strong focus on the best practice techniques for using AutoCAD in New Zealand.

Upon completion of the course, the student will be able to:

- Navigate the AutoCAD & AutoCAD LT user interface.
- Use the fundamental features of AutoCAD & AutoCAD LT.
- Use the precision drafting tools in AutoCAD & AutoCAD LT to develop accurate technical drawings.
- Present & Plot drawings in a detailed and visually impressive manner.

Prerequisite:

No previous CAD experience is necessary. It is recommended that you have a working knowledge of Microsoft® Windows® XP, Microsoft® Windows® 2000

Course Content

- Navigating the working environment
- Working with files
- Inputting data
- Creating basic objects
- Using object snaps
- Working with units
- Selecting objects
- Changing an object's position
- Creating new objects from existing objects
- Creating object patterns
- Changing an object's size
- Using layers
- Changing object properties
- Using the properties palette
- Using linetypes
- Using inquiry commands
- Trimming and extending
- Using grips
- Multiline text & text styles
- Hatching objects
- Dimensions & dimension styles
- Using blocks
- Working with designcenter™
- Using tool palettes
- Working with polylines
- Using layouts
- Using page setups
- Using viewports

Duration

3 days | 9am to 5pm

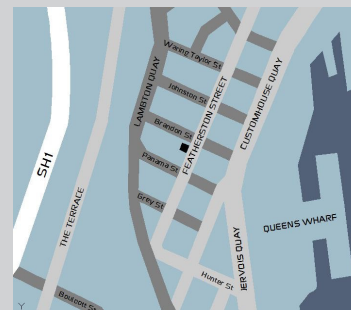

Enrolment

To enroll in this course, please complete a registration form and send it back to us.

Registration forms can be downloaded from our web site:
training.caduceus.co.nz

Price

\$1,395.00 + GST per person.
Lunch + am + pm tea provided.
