

Training :

SketchUp[®] essentials

3D for everyone

Description

A half day module intended for students with little or no 3D experience who want to explore this visual environment. Visualise the interplay of light, colour, space & form in three dimensions. You will learn to create, modify and share 3D models & geometry.

Prerequisite

No previous skills required. A basic understanding of draughting techniques is an advantage but not essential.

Course Content

- Create an accurate 3D model from scratch.
- Learn how to adjust and modify the design of your model
- Add materials & textures
- Create a 'Visual Style' for your presentation such as Marker pen, Water colour or Pencil sketch.
- Create any view of your model from any angle.
- Create accurate sun & shadow studies.
- Create animated fly-throughs
- Add text and dimensions.
- Present your design as 2d drawings and 3d models on your own title sheet.

Duration

½ day | 9am to 1.00pm

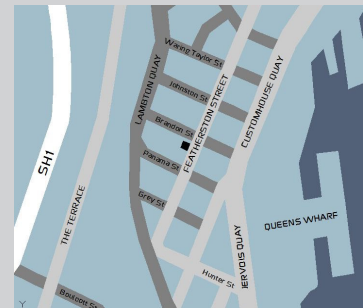

Enrolment

To enroll in this course, please complete a registration form and send it back to us.

Registration forms can be downloaded from our web site:
training.caduceus.co.nz

Price

\$350.00 + GST per person.
